RETURN AND WARRANTY POLICY

This is a packing slip. For your records and insurance purposes, the official receipt will be emailed to the address provided at the time of your order.

Call us at **1800 639 478** if you would like a new receipt sent to you.

Contact Lenses

- Please check that all parameters of your contact lens prescription and order are accurate PRIOR to opening any of your contact lens boxes.
- As long as returning boxes are unopened, unmarked, and within six months of expiry, you can return them – absolutely free.

Eyeglasses & Sunglasses

We offer a 14 day return policy on all products, and a 365 day warranty on eyewear, from your delivery date. We provide free returns on all of our products. To make a return, simply call us within 14 days for a complimentary electronic shipping label that you can print off. Once you have the label, we ask that you ship your glasses back to us as soon as possible to initiate your refund.

Contact us at **1800 639 478** for a return label.

EYEGLASSES ADAPTATION

No two pairs of eyeglasses are exactly the same, and it is normal for your eyes to take up to two weeks to adapt to your new glasses. Because progressive lenses have near, far and intermediate distance prescriptions, the adaptation process can take longer. Remember, the more you wear your glasses the sooner you will adapt. Please refrain from driving or operating machinery that could compromise your safety until you have fully, and comfortably, adapted to your new progressive lenses.

EYEGLASSES LENS CARE

Extend the life of your lenses by keeping them clean and smudge free. Avoid using household cleaners and paper products when cleaning your lenses. Please keep your glasses in their case when you are not wearing them.

Cleaning Tips

- Use a microfiber cloth for daily cleaning.
- For a more thorough clean, wash your glasses lenses with a lens cleaner or water and mild (alcohol free) soap. Use a microfiber or soft cloth to clean and dry the lenses.

CONTACT LENS CARE

- Always wash your hands prior to handling contact lenses.
- Clean your lenses every day.
- Replace your contact lens case at least every 3 months.
- Comply with the wear schedule provided by your Eye Care Professional.
